

**SURRY COUNTY
ECONOMIC DEVELOPMENT
PARTNERSHIP, INC.**

The logo features a stylized mountain range in shades of green and blue, with a white sun or moon in the center. The text is centered below the logo.

Our Mission

is to Support and Promote the Economy of Surry County, North Carolina to Assure Sustainable Economic Prosperity for our Residents and Businesses.

The Partnership is a private-public/non-profit corporation, chartered in 1995, that coordinates and conducts the economic development programs for Dobson, Elkin, Mount Airy and Pilot Mountain throughout Surry County.

What can we do for your business?

Workforce Development

- Help companies manage talent through various Workforce Development resources
- Partner with educators to expose programs that provide training for local workforce
- Provide the latest labor market and wage data to help businesses stay competitive

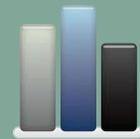

Industry Resources

- Support existing business expansions by providing site selection services and referrals to needed services
- Guide companies to better understand state, local, and federal incentive programs for new job creation and new investment
- Assist businesses to coordinate with utility service providers, water and sewer, and DOT

Market Information & Local Agencies

- Works with all businesses under high confidentiality at all times
- Serve as a link between business and local government: liaison to permitting and County inspections, understanding zoning and codes, and working with fire and safety personnel
- Help businesses best utilize NC Works, Chambers of Commerce and government programs

Call the Surry EDP to connect with resources today! We're here to provide the best solutions to ensure your company continues to grow. We hold all information confidential and are here to help you succeed!
